# GLASS DOMES

## HOW THEY'RE MADE

Our glass domes are constructed using a combination of geodesic form and a variety of aluminum alloy frame colors to ensure durability against nature's elements.

## THE DESIGN

Glass domes are offered in a variety of different customized glass colors! Decorated privacy panels are also available in many different colors and textures. Tempered glass is made in transparent, tinted, laminated, insulated, and low-e insulated. Domes can be built transparent, 1/3 transparent and 2/3 color, or entirely one color.

**WATER PROOF**

**WIND RESISTANT**
