## *About the SD1000 DOME*

The SD1000 dorm is perfect for outdoor settings. Its designed for seating, relaxing, and occasional camping. This dome is great for backyards or picnics.

This dome is offered with two interchangeable covers, one made from PVC for everyday use and another with Mesh for extra protection from warm weather. The dome perfectly blends into the nature without causing any harm to it.

The PVC cover is offered for everyday use, protection against rain and provides calm space for your leisure activities.
